Attention Explorer's Club Members: Today's mission is to learn how to write different amounts of money. Do you know how to write amounts of money using a dollar sign (\$) and a decimal point?

It's easy. Here's an example: \$1.20 = 1 dollar and 20 cents

NOW IT'S YOUR TURN. Add up the dollars and cents, and write the amount on the price tags.

Answers: Shoes = \$30.75, Baseball cap = \$15.15, Soccer ball = \$22.20, and popcorn = \$3.50
