

Dear Ray,

Congratulations! Based on information recently supplied by your staff, POPA FCU is among the nation's best by providing \$384 in direct financial benefit per member household. These benefits arise from your credit unions low loan interest rates, higher-than average deposit yields, and because you impose fewer and/or lower fees compared to banking institutions.

In recognition of this achievement we would like to present POPA FCU with the Benefits of Membership Award during the [CUNA CFO Council Conference](#), May 20, 2018 in Austin, TX.

Awards will be presented on Monday, May 21 at the CFO Council Conference luncheon.

Please let me know whether you or someone else from your credit union will be available to accept the Benefits of Membership award.

Also, if you could please send me your logo to incorporate into the presentation.

Once again, congratulations!

Sincerely,

Jeanne Sheahan  
Manager of Research Services  
Credit Union National Association
