

If you have several credit union memberships (with different member numbers) or are joint on other credit union memberships, you can complete this form so that you can conveniently view all of your member statements under one eStatement log in. In the first section on the form, indicate which memberships you'd like to view. Then, sign where indicated and indicate the member number you will use to log onto eStatements. Once you log on using that member number, you will be able to view your other membership statements.

eStatement Multiple Membership Access Authorization

By my signature below, I authorize the credit union to allow me to view the following membership statements via eStatements through the indicated membership (I must be either a primary or joint member on these memberships). I understand that I will no longer receive paper/mail statements on these memberships unless I notify the credit union otherwise. I can request a paper copy of any statement at any time by calling or e-mailing the credit union.
