¹ APY is blended and varies depending on the balance in the account. For disclosure purposes, we used a maximum balance up to \$250,000. If you have a balance greater than \$250,000 in the account, the APY for Tier 5 may be higher based on the balance in the account.

² Limited Time Offer. Certificate offered for a limited time and will automatically renew to the 1 Year term upon maturity at the current rate/yield in effect at that time.

Rates/APYs listed for special savings, VGreen money market, checking and certificate accounts apply to any special savings, VGreen money market, checking or certificate products regardless of type of account (i.e., fiduciary, rep payee, trust, POA, etc.).

Rates and yields may change after account opening. Fees could reduce earnings. Early withdrawal penalties apply to certificates.

Truth in Savings Disclosures

Except as specifically described, the following disclosures apply to all of the accounts:

1. Rate Information

The Dividend/Interest Rate and Annual Percentage Yield on the accounts are set forth above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Board of Directors. The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. For Certificate Accounts, the Interest Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. Rates for Certificate accounts are set by the Credit Union and the Annual Percentage Yield is based on an assumption that interest will remain on deposit until maturity. A withdrawal of interest will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting

Dividends and interest will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period is monthly and begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends/Interest

Dividends or Interest will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to the account. If you close the account before accrued dividends or interest is credited, accrued dividends or interest will be paid at the time of the account being closed.

5. Balance Information

The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all accounts, dividends or interest are calculated using the Daily Balance method, which applies a daily periodic rate to the balance in the account each day.

6. Account Limitations

For all savings and money market accounts, no more than six (6) preauthorized, automatic, or telephone transfers may be made from these accounts to another account with us or to a third party in any month. If you exceed these limitations, the transfer may not be made, or the account may be subject to a fee or be closed.

7. Rewards/Bonuses

Any rewards or bonuses of \$10 or more paid on dividend/interest bearing accounts are subject to Internal Revenue Service reporting.

8. Inactive Accounts

For Savings (excluding the membership Share Savings) and Checking accounts, if there has been no activity on the account(s) for ninety (90) calendar days and the account has a zero or negative balance, the account will be closed without notice to you.

9. Membership Requirements

A member must maintain a balance of at least the \$25 par value in a Share Savings account at all times. The membership of a member whose Share Savings account has been less than par value for a period of one hundred (100) calendar days or more will automatically be terminated. A member so terminated may apply for readmission to the credit union, provided, however, that only one application for readmission may be made per member within a twelve (12) month period. The directors, by a resolution passed by the af-

firmative vote of a majority of the directors at a meeting called to consider the resolution, may expel a member for causes. The member who is proposed to be expelled by a resolution of the directors is entitled to at least seven (7) days' notice of the meeting at which the resolution is to be considered, together with a statement of the grounds upon which the member is proposed to be expelled, and is entitled to appear, either personally or by or with counsel to be heard at the meeting. Within seven (7) days after an expulsion resolution passes, the Credit Union shall notify the person who was expelled in writing by regular first class U.S. mail postage prepaid to the expelled member's address of record. Any person so expelled from the Credit Union shall have no further rights in the Credit Union, but shall not be relieved of any obligations or liability to the Credit Union, and, without restricting the generality of the foregoing, shall not affect the term for which any person has agreed to place deposits with the Credit Union.

10. Certificate Account Features

a. Account Limitations.

After the account is opened, you may not make additional deposits to a Certificate account until maturity except IRA Certificates which allow additional deposits in increments of \$250.

b. Maturity.

The Certificate account will mature on the maturity date set forth on your Certificate Receipt or Renewal Notice.

c. Early Withdrawal Penalty.

We may impose a penalty if you withdraw any of the principal of the Certificate account before the maturity date.

i. Amount of Penalty. The amount of the early withdrawal penalty is based on the term of the account, as follows: i) For accounts with terms of 1 year or less, the penalty is equal to 90 days' interest on the amount withdrawn; or ii) For accounts with terms of more than one year, the penalty is equal to 180 days' interest on the amount withdrawn.

ii. How the Penalty Works. The penalty applies irrespective of whether the interest has already been earned or not. If accrued interest is insufficient to pay the penalty, it will be deducted from principal.

iii. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: i) when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction; ii) where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment; or iii) where the account is an IRA and the owner attains age 59½ or becomes disabled and begins making periodic withdrawals.

d. Renewal Policy.

Certificate accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of ten days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty. Promotional certificates may not have an automatic renewal feature or automatically renew to the same term. Refer to the Rate and Fee disclosures provided at account opening.

e. Nontransferable/Nonnegotiable.

The account is nontransferable and nonnegotiable. The funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.
